SELECTMEN'S REPORT

—:0:—

To the Taxpayers of West Rutland:

Your selectmen have drawn one hundred and twenty-eight orders the past year as follows: General account, ninety-three; on special account, one; on highway account, six; on liquor agency account, fifteen; on electric light account, three, and for bills contracted by previous board, ten.

GENERAL ACCOUNT.

Ninety-three orders drawn on general account amount to \$4,943.34; of this sum the amount paid the overseer, \$360; taxes on town farm, \$35.80; slating town farm buildings, \$203.41; building bridge on town farm, \$134.82, are chargeable to poor expenses. Interest on town bonds, amounting to \$875.00, interest on United States surplus fund to \$217.40, state tax on grand list to \$1,075.05, are compulsory expenditures. Orders drawn on account of sheep being killed by dogs amounting to \$175.97, salaries voted by town together with rent of hall amount to \$263.00. Building new street and land damage for the same amount to \$584.32, together with \$150.00 expended in work on Boardman Hill crossing which is now due the town from the Clarendon and Pittsford Railroad company, amount to \$3,974.77, deducting this from \$4,943.34, it leaves \$968.57, which is the amount expended in running town affairs.

SELECTMEN'S REPORT

To the Taxpayers of West Rutland:

Your selectmen have drawn one hundred and twenty-eight orders the past year as follows: General account, ninety-three; on special account, one; on highway account, six; on liquor agency account, fifteen; on electric light account, three, and for bills contracted by previous board, ten.

GENERAL ACCOUNT.

Ninety-three orders drawn on general account amount to \$4,943.34; of this sum the amount paid the overseer, \$360; taxes on town farm, \$35.80; slating town farm buildings, \$203.41; building bridge on town farm, \$134.82, are chargeable to poor expenses. Orders drawn on account of sheep being killed by dogs amounting to \$175.97, salaries voted by town together with rent of hall amount to \$263.00. Building new street and land damage for the same amount to \$584.32, together with \$150.00 expended in work on Boardman Hill crossing which is now due the town from the Clarendon and Pittsford Railroad company, amount to \$3,974.77, deducting this from \$4,943.34, it leaves \$968.57, which is the amount expended in running town affairs.

SPECIAL ACCOUNT.

Order No. 10 was a voucher to the town treasurer for the payment of 12 cent town school tax voted at the last town meeting.

HIGHWAYS.

The town at the last annual town meeting voted to pay its highway tax in labor which necessitated the appointment of Highway Surveyors on a return to the old system of road repairing. The Surveyors hold office until the 15th day of May next under existing law. We think that the system does not give as good satisfaction as a money tax. The previous boards of Selectmen in laying out Franklin street so-called, awarded land damages to the Baptist Church to the amount of \$25.00. The trustees of the church appealed and sued the town for \$150.00. Upon a hearing of the case and an investigation of the premises the court sustained the appeal and gave judgment against the town. Before appealing to a higher court we compromised the matter by paying \$117.25. Two new highways have been laid out and worked during the past year. Murdock street, running north east from Sheldon avenue and connecting with the main highway. We have awarded land damages as follows: To the Sheldon Marble company, \$50.00; to R. C. Thrall, \$50.00. Elm street has been extended east 258 feet through lands of A. W. Ward and Frank Fish. We awarded land damage to A. W. Ward to the amount of \$112.50. Mr. Fish waived all land damage. This has been an expensive road to build, as it required a large amount of filling. The Boardman Hill crossing which was referred by a previous Board of Selectmen to the State Board of Railroad Commissioners, who, after several delays have at last rendered a decision thereon, the details of which are well known to every taxpayer of the town. While the decision of the commissioners did not meet the expectations of your Selectmen as being a permanent remedy, we have endeavored to make the crossing as safe as possible under existing circumstances. We have expended \$248.30 in work on the crossing, \$98.50 of which was taken from the

highway account, and \$150.00 from the general fund which amount is now due the town from the Clarendon and Pittsford Railroad Company.

ELECTRIC LIGHTS.

Your Selectmen, under vote of the town, contracted with the Sheldon Marble Company for a term of five years for 27 arc electric street lights of 3000 candle power to be run 300 nights in the year at a cost of \$1,300 per year, and although the town voted not to exceed \$1,500 per year, your Selectmen found, after the work of the locating committee had been done, that it was necessary to put in two additional lights at a cost of \$50 each per year to satisfy a large public demand. The contract took effect August 1, 1891, with monthly payments for the same.

TOWN LINE.

The line between the town of Ira and West Rutland, which has been in dispute for some time, and the cause of considerable trouble, is now being surveyed, and, when finished satisfactorily, will be established. The town of Ira to bear one-half of the expense and the town of West Rutland to pay a like share.

SOLDIERS' RECORD.

A military and naval record of the soldiers who enlisted from the old town of Rutland, which has been prepared by Col. J. H. Goulding of Rutland, under instructions of a previous board of Selectmen, is now printed and placed on sale at the Town Clerk's office. The book is neatly bound in cloth and is offered for sale at 60 cents per copy.

CLAIMS AGAINST THE TOWN.

The town of Rutland, through its Selectmen, have made a demand upon the town of West Rutland for \$7,215.38 on account of Memorial Hall and matters growing out of division of the town of Rutland. We believe that the town settled all lawful demands of the town of Rutland and paid the same at the time of the division. We are investigating the matter and will make a reply as soon as possible.

TOWN FARM AND TOWN POOR.

Your Selectmen found, upon examination of the poor house, that the roof leaked badly as complained of by your overseer in a preceding report and if allowed to remain unrepaired, would soon require a new roof. We decided, after due deliberation, to slate the roof as the only way to apply a permanent remedy. The work has been done with the exception of one small roof, with slate enough on hand to finish it when the weather permits. We have also built a bridge of 30 foot span across Timonth creek on the town farm meadow to give the overseer access to the pastures and woodlands on the east hill. The bridge is a strong, durable structure built upon a foundation of solid masonry, laid in cement. For some time past all wood used at the house has been hauled across the lands of C. T. Gorham, making a trip of a mile and one-half of unnecessary travel. Mr. Gorham refused any longer to allow the town to trespass on his premises and not without justification. The report of the overseer of the poor will be found on another page, and while the expenses of the poor department are somewhat larger than last year, we find the same condition in neighboring towns of a like population.

TOWN LIQUOR AGENCY.

The County Commissioner reappointed Mr. C. W. Green town liquor agent at the expiration of his term of office. We have furnished him all necessary liquors during the year, and his report of the management of the agency is not satisfactory to your Selectmen. We have ordered an investigation, the result of which will be too late for this part of the report.

IN CONCLUSION.

Your Selectmen would say that we have attended to the affairs of the town during the past year to the best of our ability and have endeavored to act for the best interest of the town. We have been together in session on town business over fifty different times, most of which was in the evening, but many of them in the day time, when private business had to be neglected.

Respectfully,

H. A. SMITH,
M. W. CANNON, } Selectmen.

OVERSEER'S REPORT.

To the Taxpayers of West Rutland:

In presenting to you my report as overseer of the poor for the past year, it is necessary for me to say that while my report shows a larger expense for support of the poor than last year, a large part of the extra expense over last year is on account of needed improvements to replace the wear and unavoidable expense necessary to maintain a large institution like the present town farm. The present winter has been one of marked business depression and an unprecedented amount of sickness among our people, and while some of the strongest and most able-bodied men in town have applied for help, I doubt not but there were many who actually suffered, who through a sense of shame, never applied at all. I have carefully examined every demand for aid and gave it only when the circumstances of the case showed a real need. The Selectmen have built a bridge on the meadow across Timouth creek, and I have placed a stone culvert on the stream east, which enables a team to go to the east hill in all seasons of the year. There are a number of acres of the east pasture that can now be cultivated if so desired. I have improved the meadow to such a degree that I was enabled to mow it with the machine where it never had been attempted before. I have repaired and painted an unfinished fence north to the line with new gates. Have set out a row of shade trees front of the house, which will, in time, be an ornament to the place if properly protected. Have repaired and painted the buggy, wagon and sleigh. The lumber wagon had to be overhauled and repaired. Many new farming tools had to be purchased to replace old ones. I have sold the lame horse and purchased a younger one, which now leaves the town in possession of a good work team. The cows have not improved

any in their milking qualities nor up to the standard for dairying purposes, nor have I purchased any new ones to replace the old ones sold the previous year, but have waited the maturing of young stock. The farm produce being so abundant the previous year, and becoming almost a drug in the market, I have not realized as much for it as I hoped to have done. The stock pastured on the farm for outside individuals have been few in number and have not received much money from that source.

The expense of running the house and farm for the past year is larger necessarily on account of the increased numbers of inmates at the farm. Most of their beds and bedclothing had to be purchased new, and also supplied with new garments, besides laying a good hardwood floor in the smoke room of the inmates department, and purchased a new range for the house. Having renovated the house all through, papered and painted a few of the rooms with other minor improvements made. I have taken to the farm several inmates for various causes, some from old age, some for want of employment, and some for inability to get employed. Owing to protracted idleness and want of the necessities of life, a large number of families had to be aided by the town. I have given some of them, that were able-bodied, work on the farm chopping wood. During the year I have taken two lunatics to the Brattleboro Insane Asylum, John Dorsay and Rolla H. Griswold. Their bill will be large, especially that of Rolla H. Griswold, as his case was prolonged in the Probate Court seventeen weeks and four days before being admitted a State lunatic, which bill you will see elsewhere in my report. The house has been nearly all slated and slate enough left to finish it the coming spring. The condition of the farm made it necessary for me to incur considerable expense in various ways; and also the house with its needed repairs, believing as I do, that improvements should be done yearly in the house and on the farm, at least sufficient to maintain it in a respectable condition. The tramps have not relaxed in their promptness on numbers to the house the past year, and as a rule they represent all sections of the Union.

In conclusion it is necessary for me to say that I have been interested in all the details of the farm and its poor, and zealously guarded the best interests of the town, so far as I could and understood it. I therefore respectfully submit to you the following report.

AUDITOR'S REPORT.

To the Trustees of the Town of West Railroad:

The auditors of the town have examined the books and vouchers of the Treasurer and Collector and also the reports of the Selectmen and Overseer of the Poor and find them correct.

The financial condition of the town is as follows:—

Liabilities:

Bonds to Greenfield Savings Bank.....	\$17,500 00
United States surplus fund.....	7,412 50
Outstanding orders.....	2,508 24
	<hr/> \$27,420 74

Resources:

Cash in hands of treasurer.....	\$ 864 77
